Good morning Andy,

I understand you have been assigned to work with us on the PFOA contamination around the former DuPont Washington Works facility. I know you're very busy at the moment, but if interested I can give you a brief background and history of the case. Karen and I are also having a telephone call with our counterparts in R5 tomorrow from 2 to 3. You certainly are welcome to join us if your schedule allows. Looking forward to working with you again. Talk to you soon.
